我們是香港的共產主義者，無黨無派，堅持獨立自主。我們希望能改變香港大眾對社會主義的誤解、澄清左翼的真正面貌，並為香港的勞工基層開拓自己的出路。

自上世紀 70 年代，資本主義陷入戰後最嚴重的經濟危機，資產階級為求繼續其統治地位，在各國推動一系列新自由主義變革，一方面削減工人僅有的社會保障，另一方面則加緊向第三世界進行政治及經濟侵略。直到 90 年代中期，世界貿易組織成立，在推動所謂的自由貿易的幌子下，國際壟斷資產階級對各國勞動人民，特別是第三世界的無產階級進行有系統掠奪。

香港是全球其中一個資本主義化程度最高的地區，勞動人民亦慘受新自由主義煎熬。資產階級政府在各個方面實行私有化政策，在有巨額財政儲備的情況下，大幅削減社會保障。在經濟不景的時候，這個城市的資產階級身家逆市暴漲逾半，無產階級工資大幅下降，五分之一人口生活在貧窮線以下，不少工友更選擇了斷自己的生命，在這個全球其中一個最富裕的城市裡，平均每天都有超過一名失業者自殺。

在中國，自從修正主義在上世紀八十年代上台以來，積極推動新自由主義。在短短二十多年間，國有企業已由近 80% 急速下降至 25% 以下，大量國企工人被迫下崗，無產階級原有的社會保障，同時亦被大規模剝奪。1949 年革命的成果，正在逐步被新興的資產階級有系統地進行掠奪。而隨著中國加入世界貿易組織簽定各種損害工農生計的協定後，中國的無產階級將備受帝國主義與本國新興資產階級雙重壓迫。

中國及香港無產階級的情況，在全球其他地區並不罕見。所謂貿易自由化，只為壟斷資產階級帶來龐大利益，無產階級用雙手創造了利潤，但卻要飽受失業與貧窮的折磨。世界性的貧富懸殊，而發展到令人髮指的地步。

我們認為所謂的「自由貿易」全球化，只是帝國主義加強其壟斷地位，擴大掠奪無產階級勞動成果的一種手段。我們堅決反對這種帝國主義的侵略。

要擊退帝國主義全球擴張，需要全球無產階級互相配合與支援，我們呼籲全港、全國的勞動人民與世界各國無產階級聯合起來，並肩作戰；

打倒世貿！打倒帝國主義！建立屬於勞動人民的社會主義新世界！

We are the Hong Kong communists. We hope to clarify the misunderstanding of socialism and left wing between Hong Kong mass. We also hope that the proletariat can establish their way.

From on century 70's, capitalism was experienced the most serious economic crisis after the World War II. The bourgeoisie, tried to maintain their power, they impelled a series of neo liberalism policy in various countries. They cut down the social welfare; on the other hand, they strengthen the politics and economic invasions to the third world. World Trade Organization was founded in 1990s; under the so-called "free trade", the international monopoly bourgeoisie exploit the people in every country, especially the proletariat of third world. The plunder of the bourgeoisie even formed a system.

Hong Kong is one of the capitalist societies; "neo liberalism" made proletariat suffers capitalist government carried out privatization policy in many aspects and cuts a large amount of social welfare budget with a huge amount of financial reserve.

Under the economic recession, the wealth and capital of bourgeoisie in Hong Kong keep on increasing while the wages of proletariat keeping fall. There is 1/5 of population living under the poverty line. Everyday, there are more than on person unemployed committing suicide averagely.

Since the revisionist rose to power in the 80's china advancing "neo liberalism actively". The number of state owned enterprise falls rapidly in last 20 years. Many workers of the state owned enterprise being unemployed. Original social welfare of proletariat was also exploited in large scale.

Revolution achievements of 1949 is exploiting by bourgeoisie! After China joins the WTO and signed various agreements damaging livelihood of peasants and worker, the proletariat in China is under oppress by imperialism and local capitalists.

The situation of proletariat in China and Hong Kong is not rare in the whole world. The so-called free trade only brings ample benefit to monopoly capitalists. Proletariat create profits for the bourgeoisie, however, they are suffering from unemployment and poverty. The polarization of rich and poor in world scale has developed to a extremely serious condition.

We think that the so-called "free trade" and "globalization" are probably a kind of mean that reinforce its monopoly place and robbing the working achievements of proletariat. We oppose this imperialist aggression determinedly.

To drive out the global expansion of imperialism, the support and interdependence of proletariat the whole world is definitely important. We plead for unity of proletariat in Hong Kong, mainland China and the whole world to fight.

Down to WTO! Down to imperialism!

Build up a new socialist world belongs to proletariat!
